

Are you working with these ingredients?

- Sugar at high solids
- Gelatin
- Pectin
- Starch
- Flour
- Corn Syrup (HFCS)
- Milk Powders (NFDM)
- Cocoa Powder
- Whey Powder
- Sweetened Condensed Milk
- Xanthan Gum
- Guar Gum
- TiO₂
- Stabilizers
- Flavorings
- Coloring
- Caramel
- Egg
- Gum Arabic

Do you manufacture these products?

- Candies & Confections
- Chocolate Products
- Candy Bars
- Chewing Gum
- Sugar Coatings
- Fruit Fillings
- Jellies and Jams
- Caramel
- Hard Candies
- Marshmallow

Are these problems affecting your operation?

- Long Mix Times
- Lumps, Clumps, "Fisheyes"
- Mechanical Seal Failures
- Excessive Ingredient Waste
- Disposal Cost of Out-of-Spec Product
- Clogged Filters
- Cleaning and CIP Issues
- Frequent Filter/Strainer Replacement
- Dusting Issues

MIXING TECHNOLOGY FOR YOUR TOUGHEST CHALLENGES

Employee Owned ... Customer Focused

Admix, a leader in advanced mixing technology since 1989, provides sanitary high shear mixers and agitators for both in-tank and in-line processes.

We offer mixing solutions for your Confection applications:

- **SUGAR SLURRIES** - Rapid make up of high solids slurries, as high as 78° Brix, for ingredient use or coating solutions
- **RECONSTITUTE COCOA AND DAIRY POWDERS** - Short mix times, minimum foaming, no lumps and full incorporation
- **SWEETENED CONDENSED MILK** - no need to buy, re-con all powders for standardization of cream and use in caramel
- **FILLINGS** - high % solids, powders, gums, pectin, gelatin are dispersed fully and rapidly
- **REWORK** - eliminate waste and high cost of disposal
- **MAINTENANCE** - with top entry, you will never worry about bottom-entry mechanical seals again!
- **FILTERS** - avoid constantly clogging filters, reduce replacement costs and fully utilize all your expensive ingredients in your recipe!
- **SANITARY** - Our mixers are available with all stainless steel drives, with no paint to chip and peel

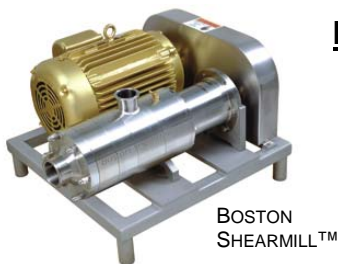

Admix manufactures mixes in compliance with 3-A Third Party Verification (TPV) standards.

IN-TANK BATCH PROCESSING

- **Rotosolver**[®] High shear dispersers
- **Rotomixx**[®] Sanitary portable mixers
- **Rotomaxx**[™] High-torque, right angle mixers

ROTOSOLVER[®]

BOSTON SHEARMILL[™]

IN-LINE MIXING & MILLING

- **DynaShear**[®] In-line high shear mixer.
- **Boston Shearmill**[™] In-line high shear mill
- **Admixer**[™] Sanitary in-line static mixer

FASTFEED[®]

POWDER INDUCTION

- **Fastfeed**[®] Powder Induction & Dispersion System

Call **800-466-2369** for more information or to schedule **testing** in our state-of-the-art **lab**. Ask about our **trial program** and **process assurance warranty**.
